

Project Safety Net 4.25.18

you will always be my friend

The Washington Post found an average of 10 school shootings per year since Columbine. Less than three months into 2018, there have been 12 shootings, already making this year among the worst on record.

well increase you have to be
" **KILL MANKIND** no one
should survive

we all live in lies. people are always saying they want to live in a perfect society, well utopia doesn't exist. It is human to have flaws. you know what, Fuck it, I should I have to explain myself to you survive when hell off this shit I say you shittards wont and if you can then wowie fucking do. That just you have something to say or my reason back that the audience wont even see "at has crazy"

In 1997, over 25 % of LASD on-duty shootings involved a Suicide by Cop Suspect.

March 1998

Two school boys were arrested in bloody rampage at Westside Middle School (Jonesboro, Arkansas. Four girls and a teacher killed, 11 others wounded.

April 1999

The killings were meticulously planned, with heavy gunfire and more than 30 bombs — some with booby traps — planted in and around Columbine High School. With 15 people dead, 23 others wounded.

March 2001

A 15-year-old freshman at Santana High School, who had talked about taking a weapon to school, killed two schoolmates and wounded 13 others.

March 2001

18 year-old Jason Hoffman, assumed a sniper position and began shooting in front of Granite Hills High School before police shot and injured him. Four suffered gunshot wounds and three others hurt during the incident.

April 2007

Student, Cho Seung-Hui, opened fire in a dormitory and classroom building on the Virginia Tech campus, killing 32 people before committing suicide.

A dark-themed map of the United States with red dots representing school shootings. A white dot is located in the Great Lakes region. A text box is overlaid on the map.

Targeted School Violence

- Study conducted by Secret Service and the US Department of Education
- Reviewed 37 School Incidents (1974-2000)
 - Discusses 10 Key Findings
 - Climate for a Safe School
 - Threat Assessment Process
- Campus Attacks (April 2010) – Targeted Violence at Higher Education
 - Reviewed 272 Incidents, involving 281 Deaths & 247 Injuries

INTERVENTION

COLUMBINE HIGH
APRIL 20, 1999

Even though Cho never threatened anyone prior to the attack, there were behavioral concerns noted by eight professors, between November 27 and December 15 (2005). He was reported to law enforcement twice (harassment of female students), triaged at Cook County Counseling Center, and mentally evaluated at Psychiatric Hospital

Assessment Considerations

- Membership of the team
- Establish Policies and Procedures
- Who should be questioned
- What questions should be answered
- Legal Considerations – FERPA
