Submitted Questions:

- ❑ Will community members be included in the collaborative as active members?
- ❑ PSN is a very resourceful community partner and the work they have done thus far is valuable. But there are always challenges to communicate and reach out to the target group - the Youth. What plans are being formed to better and improve this aspect for the coming year?
- ❑ How is PSN changed? Will they DO work throughout Santa Clara County?

PSN Vision Statement

Young people are empowered, in partnership with the whole community, to advocate for themselves and their peers.

Youth suicide is ended. Stigma is non-existent, and high-quality mental health services are culturally-relevant, accessible, and well-utilized. We envision a community where youth and young adults feel safe, supported, and accepted.
